On the Move?

Anyone who has ever moved will appreciate that the buying, selling or re-mortgaging of a property can be very stressful.

Whether it's selling a property, buying a first home or moving up the property ladder, the experienced team at Wilkinson Woodward can help a move progress quickly and easily, minimising the problems and achieving client objectives within realistic timescales.

A competitive residential and commercial conveyancing service is available via both the company's Halifax practice and also from its newly opened Huddersfield practice.

The service includes residential and commercial sales and purchases, transfers of equity and remortgages. Wilkinson Woodward can also help their clients obtain the essential Home Information Packs at a very affordable cost.

Andrew Crabtree commented, "When buying or selling a property we recognise that clients want to be kept informed of progress and need things to be done as quickly and efficiently as possible. Our experienced staff will communicate clearly with them during every step of the conveyancing process and there will always be someone available to take a call and deal with enquiries."

Andrew continues, "We also appreciate that the needs our business clients are very different to those of our domestic clientele. A different range of competencies are required to tackle the complexities of selling, purchasing, management and leasing of companies. At Wilkinson Woodward we have created a dedicated commercial team which has the essential legal expertise to deal with the requirements of this sector."

Boococks Estate Agency is an integral part of the company giving Wilkinson Woodward a unique knowledge of the property market within Calderdale and access to expertise not normally available to a solicitor. With over 20 years letting and management experience, Boococks manages in excess of 600 properties located in Halifax, Brighouse, Elland, Ripponden and Sowerby Bridge and Huddersfield.
